“ARGUMENT”

The Court has released BILLIONS to STATE, and FEDERAL GOVERNMENTS,

For sought after RELIEF, 4.5 BILLION to the DOJ.

Each month Attorneys for different representations of different entities are

Charging MILLIONS and MILLIONS of dollars each month and are being paid.

The ones in that were truly hurt the most, are the people, by big PHARMA, and

the Sackler families. The people suffer more than any Government, all that

was lost by the Government's are tax dollars in which we the people have paid.

Only the ones of whom have suffered great harm should be paid first, but, we

know from the past, with the Courts showing the path in which they wish to

travel, the people having been done great harm, and suffering, and pain, great

REAL loss in that will never, and can never be paid to full compensation.

The Court should pay the people, for damages, first, then the

Governments the ones of whom have been harmed the least, but, will be paid the

most.
